CSAT Tests.

There will be total 5 tests. All tests will be conducted in March-April 2026 Month.

Next is the MAINS (only 1400 Rs)

<u>This initiative is only for my students. Those who are part of Prelims 2027 Programme.</u>

<u>WE WILL CHECK YOUR ANSWERS TILL MAY 2027.</u>

"Like prelims, I have made this initiative very unique and designed in a way that it will help you gain good command on Mains as well".

Before we proceed, what are the problems we face in Mains?

1. Don't want to write answers on regular basis **unless someone put a gun on head** (that we are going to do).
2. Don't know what questions to practice.
3. Even if we write, we don't know it is good or not.
4. Speed is the biggest problem.
5. As we have so many subjects, how to divide subjects.

After knowing all these, what mistakes we do?

1. **We immediately join comprehensive test series which we end up in just 1 months' time as we fail to follow their syllabus and routine.**
2. **It is mandatory that before going for full-fledged test, we have to develop that flow of answer writing by ourselves (that we are going to do for you). We don't do that.**

3. **We plan answer writing abruptly. *Kabhi bhi koi bhi test likh rhe h*. It doesn't work like this. We have to be consistent.**

How GOALTIDE is going to help you?

We will provide you questions, give you syllabus and do evaluation of your answer sheet which you will upload on your dedicated portal provided by us.

Our Mains answer writing Programme is divided in 3 phases:

1. **30-35 days: Short answer writing practice (If you have joined late, you can write answers from Day 1 AND WE WILL CHECK ALL FROM DAY 1)**
2. **30 DAYs: Long answers current affairs questions.**
3. **Final phase: UPSC GS Mains syllabus (including ethics tests and essay tests)**

First Phase (Basic static+ Current Affairs)

This series will start from the day you have joined (suppose 30 SEPTEMBER, 2026)

Here pattern will be:

1. **Four days in a week.**
2. **Medium will be English**
3. We will give you **three questions daily (3 short).**
4. So total number of questions you will practice is= **96-100 questions.**
5. **Evaluation will be done** for every test.

I want you to write. I want you to move your pen. I want you to first remove fear of writing. If I start with tough questions, you will never write answers.

I will start with basics questions. For example:

1. **What is importance of Preamble?**
2. **Define Rule of Law.**
3. **What is the idea of Secularism in the context of India.**

Once you develop that art of writing small questions with flow, we will shift to PHASE 2.

Second Phase: (Long Current Affairs questions)

Here we will ask you to write long questions answer. It is important to note here that *we are making it tough after every phase because in the beginning your content is not enriched*. You are still covering NCERT, trying to learn first chapter of advanced books. So gradually we are increasing toughness level.

This gradual shift will not create any pressure on you. If you execute this phase well, it's a positive sign and you are ready to enter the next phase which starts as a very crucial phase, PHASE 3.

Here also we are going to write 2 long questions. We will provide you question, and proper enriched evaluation.

Again, you are going to write 90 questions.

Third Phase- UPSC GS MAINS SYLLABUS

Note: If you have joined late, you can finish previous questions, take you time. And then start GS answers of Phase 3.

This is very important phase. Because in the very first two phases, we were laying foundation. But from third phase "we will shift to our UPSC Mains syllabus".

Full September Month + First week of October, we will start with GS II, Paper III:

GS II, PAPER III:
